## Why wait to buy the Office Furniture solution you know you need when you can lease it today through Alexander Green.

In today's rapidly changing business environment keeping your Office Furniture solution fit for purpose and up-to-date can tie up your working capital. harrisingreen offers a cost-effective and flexible answer to this problem – leasing.

### Leasing your Office Furniture offers:

- A simple fixed payment rather than a large cash outlay
- You pay nothing until your equipment is delivered
- No strain on your existing credit facilities
- Terms available to suit your budget
- You can include, hardware, software, training and maintenance in one fixed payment
- The flexibility to upgrade or add equipment in the future
- No deposits necessary

The benefits for your business are:

### • 100% Financing

We can fully finance your solution, including design, installation, project management and maintenance.

### • Tax Savings

When you lease, you can write off 100% of the repayments as an operating expense, saving you up to 30% of the total capital cost.

### • Avoiding Obsolescence

Leasing offers the opportunity to upgrade enabling you to stay up-to-date with the latest technology and designs.

### • Protection of Credit

Leasing is an additional source of credit, allowing you to safeguard your existing credit facilities to meet the normal demands of your day-to-day business

### • Improved Cashflow

Low monthly payments spread the cost and simplify cashflow planning.

### • Protection of the Balance Sheet

An operating lease provides off balance sheet finance, reducing the level of company debt and improving financial performance ratios.

### • Accelerating Return on Investment

Leasing eliminates the need for up front capital, helping your company to grow more quickly.

By financing with a lease rather than an outright purchase you can claim 100% tax allowances on the full amount paid, instead of as little as 25% with outright purchase on a diminishing basis.
